TRUSTEES' MEETING

PROTESTS OF SYCAMORE CANYON ROAD DISTRICT PROPERTY OWNERS DENIED

The Board assembled at 8 o'clock p. m., April 15, 1920. The meeting was called to order by the Clerk, and Trustee Woodberry was appointed Chairman pro tem in the absence of the President. Present, Trustees Henry, Jackson, Shaw, Woodberry. Absent, Muhleman.

A request was read from C. P. Findley for permission to install a septic tank on Lot in Tract No. 2292, Verdugo Heights. On motion of Trustee Shaw, the request was denied on the grounds that it would be a violation of the ordinance.

Communications

Communication was read from the Standard Oil Co. requesting that the Trustees amend the ordinance granting them permission to construct a spur track across San Fernando Road. On motion of Trustee Shaw, communication was referred to the City Attorney, with instructions to draft an amendatory ordinance, as requested.

A communication was read from Attorney P. S. McNutt, accompanied by a bill for costs allowed by the court in the case of Robinson vs. the City of Glendale. As this matter involves title to a small pipe line conveyed to the city by L. C. Brand, and the matter has been legally defended by him in accordance with his agreement to guarantee title to the property conveyed, the bill and communication were referred to the City Attorney to take up with Mr. Brand or the Title Company.

An application to carry on a jitney business in the City of Glendale was received from H. S. Woodard, and on motion of Trustee Henry, granted.

Sycamore Canyon Road

At this time, in accordance with the time set for hearing protests against the improvement of Sycamore Canyon Road, as set forth in Resolution No. 1092, the hearing was taken up. In this connection a protest against the improvement being made, was presented to the Board, signed by E. O. and J. P. Lukens, and about one hundred and twenty-five other property owners owning property in the proposed assessment district. On motion of Trustee Shaw, the protest was referred to the City Engineer for a report on the amount of frontage represented by the protestants. The City Engineer, having previously checked the names on the petition, reported that the total frontage in the district is approximately 113,000 feet and that the frontage represented by the names on the petition of protest represent 24,000 feet. Trustee Henry made a motion, which was seconded and adopted, that the resolution be denied.

Messrs. Chris Smith and Fred Meyer, property owners in the proposed assessment district referred to above, having stated their reason for objecting to the improvement and incidentally referred to the unsatisfactory condition existing in regard to storm water on the west side of Verdugo Road at Tenth street, a motion of Trustee Shaw was adopted instructing the City Engineer to examine conditions in the locality referred to and make the report to the Trustees in regard to the remedy for the condition complained of.

REVOLUTIONARY COUP FEARED

ALLIES DEMAND COMPLETE DISARMAMENT BY GERMANY ACCORDING TO TERMS OF TREATY

(Special Service to Glendale Evening News)

PARIS, April 16.—France, Great Britain, Italy and Belgium have agreed to notify Germany they will break off diplomatic relations unless immediate and complete disarmament is carried out as provided by the treaty of Versailles. The allies will threaten a return of the blockade in the event that any insurrectionary government in Germany refuses to carry out the treaty.

Dispatches to the French Foreign Office from Germany said heavy detachments of troops are concentrating in Pomerania. A coup similar to the Von Kapp movement is expected. Reports of an impending monarchial revolt were slightly confirmed by advices to officials.

CARRANZA MAKES BOLD REQUEST

ASKS U. S. GOVERNMENT TO PERMIT TRANSPORT OF MEXICAN TROOPS THROUGH U. S. TERRITORY

(Special Service to Glendale Evening News)

WASHINGTON, April 16.—The Mexican government has asked the State Department to permit the transportation of Mexican troops through the United States to fight rebels in Sonora, it was learned today. Carranza wants to send his troops over American railroads across New Mexico and Arizona from Chihuahua to Sonora.

NEW YORK ELEVATOR OPERATORS STRIKE

OFFICE WORKERS HAVE TO CLIMB TO THEIR EMPLOYMENT AND MUCH CONFUSION IS CAUSED

(Special Service to Glendale Evening News)

NEW YORK, April 16.—Thousands of New York business men and women literally climbed to work today. Union elevator operators struck at 9 a. m., the rush hour in most office buildings. The strike resulted in confusion in sky-scrapers housing thousands of workers. In the Equitable Building—40 stories high and the workday home of 11,000 workers—all operators left their places. Thousands were just coming to work. The building employes hastily closed three of the building's four entrances and pressed janitors, office boys and messengers into service in operating the elevators. The building superintendent said thirty of the sixty-five cars were running. Lower halls were jammed. Some workers employed on floors as high as twenty attempted to climb the stairways. The operators demand an eight-hour day and a wage increase of from $5 to $10 per week. Union leaders said 17,000 would quit.

CHICAGO SCHOOL ENGINEERS STRIKE

DEMAND $325 MONTHLY; PUBLIC SCHOOLS CLOSED FOR ONE WEEK PENDING SETTLEMENT

(Special Service to Glendale Evening News)

CHICAGO, April 16.—All the public schools in Chicago were closed and will remain closed for a week unless a settlement is made in the meantime with 325 striking school engineers who walked out for more pay last night. The engineers demand $325 monthly.

SONORA TROOPS TAKE FOUR TOWNS

GARRISON IN FIRST BATTLE AT CHOIX SURRENDERS AND JOINS INVADING SONORA COLUMN

(Special Service to Glendale Evening News)

AGUA PRIETA, Sinaloa, April 16.—Four towns in Sinaloa have fallen before invading Sonora troops according to a report today to official headquarters here from General Flores commanding the invading column. The first battle between Carranza and Sonora secessionists took place at Choix, Sinaloa, where the garrison surrendered after an hour's resistance and joined the Sonora movement.

NEW BOND ELECTION

HIGH SCHOOL TRUSTEES WILL ASK CITIZENS TO VOTE $250,000

At a meeting of the Board of Trustees of Glendale Union High School, held Wednesday afternoon, final action was taken on the much debated proposition of a bond issue to relieve congestion in the school and provide needed class rooms. The Board voted to call a bond election May 10th in the sum of $250,000 to be used for the purchase of the block east of the present High School campus, to erect a Science Hall, to build a central heating plant, and to so remodel the present administration building as to convert the space now devoted to an auditorium into class rooms.

The Board also decided to have a straw vote taken at the bond election on the question of moving the site of the High School.

In response to inquiries relative to their action one of the Trustees said the Board wished to have an expression from the citizens of the district relative to the moving of the site before expending any large amount of money. Should the vote be favorable to a change, the Board would limit its expenditures to temporary buildings to relieve class congestion.

Concerning the auditorium Daniel Campbell stated that inasmuch as the people seemed disinclined to vote an amount necessary to provide it, the Board had decided to ignore the matter for the present and do away with an auditorium altogether until an agreement could be reached on the kind and site of the auditorium desired. The proposed bond issue also makes no provision for the gymnasium included in the estimates on which the last proposed bond issue was based.

PREPARING BUDGET

DEPARTMENT HEADS AT CITY HALL WORKING ON FINANCIAL PROBLEM

In obedience to an ordinance adopted by the Board of Trustees July 24, 1919, the city manager and department heads are now making up the budget for the fiscal year commencing July 1, 1920, which is an estimate of the receipts and expenditures of every branch of the city's business for the time stated. This must be done before the 1st of May. This annual budget provides a complete financial plan and guide for the year. The data accumulated during the last three years of advancing prices will make it possible to estimate very closely the cost of operating the various city functions for the coming year. The past year has been the most difficult one in the city's history because prices have changed so materially.

The ordinance noted above also provides that all balances in the general budget appropriations at the end of the fiscal year shall be transferred to the general reserve fund. This fund has been created for the purpose of creating therein sufficient funds to carry the city through the period from July 1st till December, when the taxes for the current year are available. This fund is being added to at the rate of from three to five thousand dollars a year from balances in the general appropriation accounts. The ordinance provides that this procedure shall continue till this reserve fund equals 25 per cent of the general budget.

MACHINE WRECKED

MRS. ELIZA PEET OF LA CANADA THROWN OUT WHEN AUTO HIT BY P. E. CAR

Mrs. Eliza Peet of La Canada had a narrow escape from serious injury yesterday about 4:30 p. m., on Brand, a short distance below Broadway. She drove her Ford across the P. E. track just as a south-bound train was starting out. Her machine, a Ford touring car, was struck so hard that she was thrown out and landed on the pavement. Her car was then pushed forward until it was jammed against the big pole that carries the trolley wires. Mrs. Peet escaped with a bruised right arm, but her machine was badly wrecked. The fenders on both sides were crumpled up, the body and top caved in and one front wheel damaged. The fast falling rain obscured Mrs. Peet's vision or the accident would probably have been avoided. Autoists need to be very careful, anyhow, in crossing at this point, especially when a south-bound train is standing there.

Max Green who is a friend and former neighbor of Mrs. Peet, had the wrecked machine taken to his repair garage.

GOING TO NEW PARK

MOVING SPIRIT SEIZES CITY NURSERY BEING TRANSFERRED BY FORESTER

The lots which the city has been using for its municipal nursery and which had been held under a delinquent tax title have been restored to the original owners who have redeemed them. The City Forester's department is therefore moving the nursery stock to the new Kenilworth Park—about five thousand year-old trees which will be established there temporarily. Also a considerable amount of tree seed will be planted.

The forestry force is also engaged in moving to the city park some large palms from the corner of Orange and Broadway and also from Brand boulevard where a new building is being erected. Some of these palms are fifteen feet high and are ten years old. They have considerable market value as palms transplant rather easily, and it is well worth while to transfer them.

The city now has a planting of about one thousand trees in the park which in the next two or three years will make quite a showing. If in the meantime the city can get hold of a few large palms, it will be decidedly advantageous.

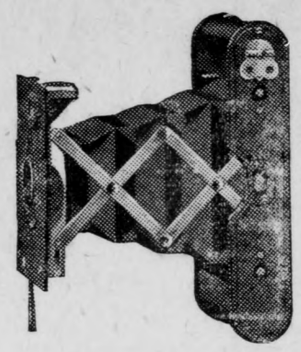
Every Day Is KODAK Day



A few years ago a kodak was a luxury.

Today it is a household necessity, an article of every-day use, one for which new uses are being discovered constantly.

KEEP A KODAK RECORD

A kodak record is so easily kept, whether it is the every-day events of the home and family, the automobile trip or an outing of any kind. Scenes can be snapped so easily and quickly and the pictures when arranged in sequence in an album form a record you could not be induced to part with.

Common as kodaks are some people hesitate, even yet, to buy them thinking their use involves much time and technical knowledge in order to get good results.

KODAK SERVICE

We make a feature of our kodak service, which includes the instruction necessary for you to take good pictures. We not only give you this information when you purchase the kodak but we are ready at any time to help you out of any difficulty or give you any advice you may need or wish.

Our complete stock of films and our finishing service are appreciated by kodak owners, also.

LOAD YOUR KODAK, SNAP THE PICTURES AND LEAVE THE REST TO US.

BUILDING A CITY

Ten years have been long enough for us to firmly establish ourselves in Glendale. It has been long enough for us to have had a large part in the wonderful growth of the city in that time.

Glendale has more than doubled in population in the past ten years and a correspondingly large amount of building has been done and is still being done. We have had a large share of this building because of the policy we adopted ten years ago. At that time we established a high standard of construction which we still maintain.

We buy all classes of building materials in carload lots.

We employ the best workmen for every department of our work that we can secure.

We carry out every term of every contract with scrupulous care.

ARE WE GOING TO BUILD FOR YOU?

ST. MARK'S BAZAAR

PATRONS ENJOY GOOD DINNER AND ENTERTAINMENT, BUYING LIBERALLY

The rain on Thursday was quite a handicap on the success of the bazaar given by St. Mark's Guild, nevertheless there were patrons all the afternoon who steadily reduced the stocks which the sales tables displayed. At six o'clock came the fine substantial dinner followed by a program, which entertainment was a wonderful lagniappe thrown in for the price of the dinner without extra charge of any sort. In these days of high food costs and rare servants, a dinner such as was served Thursday evening commands serious attention and sure patronage.

Mrs. Le Roy Bosserman was general chairman of the affair and was "the lady from Philadelphia" to whom all matters in doubt were referred. At the fancy work booth was every sort of an attraction from rompers to silk bags and aprons. A rag doll made by Mrs. McCann, arrayed in Highland kilties and very true to life, attracted much attention. At this booth Mrs. Helen Campbell, assisted by Mrs. R. E. Downing, was in charge.

Mrs. R. W. Trotter presided over the table whereon were cakes over which beholders yearned the more so after they learned the names of the makers; but there were not nearly enough to meet the demand.

Mrs. Bosserman kept an eye on the booth at which delicious home made candy was dispensed and other ladies busied themselves with the preparation and serving of the six o'clock dinner. Mrs. McOmber was responsible for the beautifying of the tables which were decorated with roses and wonderful pink camelias. Mrs. D. W. Hunt headed the committee which had charge of the kitchen and the preparation of the dinner. She was assisted by Mrs. C. A. Baker, Mrs. E. A. Squires, Mrs. E. Cassell, Mrs. C. W. Houston and Mrs. H. H. Speck.

The program furnished by the Music Section of the Players' Club was artistic in all its details and greatly enjoyed. It included the following numbers:

Vocal duet, "In the Garden of My Heart," Mrs. Mabel Capell and W. L. French of Los Angeles, with piano accompaniment by Miss Ina Whitaker.

Saxophone solo, Esther Edmonds.

Toe Dance, Marian Stadler.

Vocal solos, "The Open Secret" (Woodman) and "Joy in the Morning," Mrs. G. B. Roach.

Violin solo and encore, Miss Hazel Linkova, with piano accompaniment by Mrs. Curran.

Vocal solo, "I Know a Green Hill" (Whelpley), W. L. French.

Vocal solo, "My Laddie," Mrs. Mabel Capell, with piano accompaniment by Miss Gertrude Champlain.

At the close of the program brief speeches were made by Mrs. Bosserman and by Dr. Cornell thanking the performers and expressing appreciation of the hearty co-operation displayed in connection with the bazaar.

SURPRISE BIRTHDAY AND FAREWELL RECEPTION

Two members of the Ladies' Aid of Central Christian church were given a happy surprise at the regular weekly meeting held yesterday. It happened to be the birthday of Miss Mary Chester, 134 North Louise and another faithful member, Mrs. Mary E. Shropshire of 245 South Everett, is soon to move to Ontario, so it was decided to honor them together, with a special luncheon. It was a complete surprise to both when they were conducted to handsomely decorated chairs placed side by side at the table. Both ladies were very appreciative of the honor shown them.

Does Your Hat Express Your Personality?

Individuality is what the careful woman most earnestly desires in a hat. Style is important but it is essential that your hat reflects your individuality.

Most women realize that no article of apparel can so easily emphasize their good features as a becoming hat, and nothing can so detract from an otherwise perfect costume and attractive personality as a hat that does not suit the face.

We do not merely make and sell hats. Every hat has an individuality to us. We study your needs and never advise you to buy a hat that does not "fit your face."

You will be pleased with our showing of hats for spring and summer wear. If you can't find your "individual" hat here, we will make it for you.

A Vision of Homes

A man with a vision and an imagination looked over our lumber yards the other day.

The average person is impressed with the vast amount of building material we have assembled in our yards and sheds and warehouses but he looks upon it as so much "material."

But this man saw more. He saw the wonderful possibilities of all this material. He saw it transformed. He saw it in the form which it will eventually assume—

Homes, Schools, Churches, Business Buildings, Public Buildings. He saw it as a little city complete in itself.

COME AND SEE YOUR HOME

READING CIRCLE

BIG MEETING AT CITY LIBRARY CONSIDERS LIVE TOPICS

Nearly "packed" was the juvenile room of the Public Library on Harvard street Wednesday at the meeting of the Mutual Benefit Reading Circle, and a program of unusual interest rewarded the mothers in attendance. Mrs. Barton reviewed a paper by Prof. O. V. O'Shea on the topic: "Are girls any more refined than boys?" The author said "No." His contention was that greater care is taken to protect girls and that in the training of boys no special effort is made to cultivate their aesthetic sense.

Mrs. Knouse reviewed, "To Your Tents, Oh Israel," contributed by Dorothy Fisher Canfield to a popular woman's magazine. Following the Bible reference with which the article opened the fact was brought out that mothers and fathers have changed in their attitude since the war and are not satisfied to go back to old methods of bringing up their children. The writer declared we must bring up our children to be brave enough to do the things we have left undone.

Plans for the circle picnic to be held a week from Wednesday at the home of Mrs. Toll were discussed and it was agreed that every member could bring a guest and should provide a cup and saucer for herself and for her guest.

The following resolution relative to an increase of teachers' salaries was adopted by the circle:

WHEREAS, Believing education to be one of the fundamentals in a democracy and that men and women of high educational attainments, purity of ideals and breadth of vision are requisite in the profession of teaching to uphold the standards of education; and

WHEREAS, Great numbers of our best educators are leaving the profession and younger men and women are disinclined to enter it because the profession has, through lack of adequate revenue, become unable to offer a wage sufficient to enable teachers to live in a suitable manner; be it

RESOLVED, That we, the members of the Mutual Benefit Reading Circle of Glendale, an organization of mothers of school children, and vitally interested in school problems, offer this expression of approval of the campaign that is now under way with a view to raising the salaries of teachers and that we do assure the teachers of our cooperation and assistance to the end that the profession may not lose its position of dignity and importance in the world; and be it further

RESOLVED, That a copy of these resolutions be sent to the Teachers' Club of Glendale and that another copy be sent with signatures affixed to the Board of Supervisors of the County of Los Angeles.

ACCIDENTAL FORTUNE

Blotting paper was discovered by accident. Silver sand was originally used, but in a paper factory a woman once accidentally forgot to put on the sizing. The proprietor picked up a piece of the paper, but was annoyed to find that it was soaking up the ink. He at once entertained the idea that the paper would be useful for "drying."

Graham Pettey, who is engaged with Nazimova at the Metro studios, was entertained at dinner last evening by Mr. and Mrs. David Bisno, of the Haberdashery, 110 North Brand.

Rev. C. A. Cole is driving to Santa Barbara this afternoon, accompanied by Rev. Richardson, of Hollywood, on business connected with the proposed new College of Christianity in Los Angeles.

Will L. Benjamin, a painter living in La Crescenta, reported to Glendale police headquarters this morning that his Ford car bearing license number 265-487 was stolen in Los Angeles last night.

C. W. Ingledue, who has not been doing very well since his operation for appendicitis last Sunday, took a decided turn for the better yesterday afternoon and his condition is much improved this morning.

Mrs. Maud L. Hull, who moved from Algona, Iowa, to Springvale, Tulare Co., two years ago, is now the guest of her sister, Mrs. Vallo V. Naudain, 453 Ivy St., and is so well pleased with Glendale that she will make her home here permanently.

J. E. Howes, deliveryman for the Valley Supply Company, has moved into the house he recently bought at 208 North Jackson. Mr. and Mrs. Howes have lived for some time at 405 Palm Drive, but wished to get closer to his work as well as to have more ground, so they made the change.

A visitor to the pet shop on North Brand boulevard recently stopped to admire an especially adorable puppy, and asked as to its breed. The youngster who happened to be in charge answered with sincerity and emphasis of every syllable that it was "A Mongrel," a thoroughbred Mongrel."

E. S. McKee moved yesterday into the house he bought a few weeks ago of R. W. Stedman of Pittsburg, Pa. He bought the house furnished and sold off the furniture through the agency of a small classified ad in the Evening News. Mr. McKee had previously sold his place at 515 E. PROGRESSIVE HIKE

GLENDALE PRESBYTERIAN YOUNG PEOPLE ENJOY UNIQUE ENTERTAINMENT

The Syntyches, or the young married ladies' department of the Philathea Class of the Glendale Presbyterian Church, entertained the Euodias, or the young ladies' department, and the young men of the church, last evening, at what was to have been a seven-stop progressive "hike," but because of the downpour of rain their plans were somewhat changed. In spite of the storm promptly at 7:30 about thirty young people arrived at the startnig place, the home of Mr. and Mrs. James W. Cooper, 119 North Cedar street, and after a few moments of excited conversation as to just where the "hike" would lead, the party proceeded to the second stopping place, the home of Mr. and Mrs. F. H. Eilers, 115 N. Adams, which, on account of the rain, proved to be the end of the "hike." A delightful evening of games so occupied the time of the happy young people that apparently the inclement weather outside was entirely forgotten. About ten o'clock delicious ice cream and cake were served and after several songs and a few words of greeting from Rev. W. E. Edmonds, the guests reluctantly departed, declaring the Syntyches royal entertainers. As a parting courtesy each guest was given a large bag of popcorn.

Gilbert F. Wyvell, attorney of Los Angeles, called on his brother, J. T. Wyvell, yesterday.

Mrs. Miltonberger, who has been the house guest of Mr. and Mrs. Ed Lee, left this morning for her home in Nebraska.

Mrs. S. J. Mosher, who is making her home with her daughter and son-in-law, Mr. and Mrs. James F. McBryde, at 408 West Broadway, has been quite ill but is now on the road to recovery.

W. S. Gamble, city mail carrier, 1028 South Glendale avenue, and J. M. Johnson, of Los Angeles, left last Saturday morning on a motor trip to Bakersfield. They stopped at Tehachepi and visited Mr. Gamble's apple and pear ranch. They returned Sunday afternoon, and report having had some trouble with snowdrifts but nothing serious.

The Wednesday Club met at the home of Mrs. C. H. Sanders, 1320 North Brand boulevard, this week; among those present were Mrs. G. D. Roach, Mrs. Kate Clotworthy, Miss Clara Ringert, Mrs. Charles Freshman of Los Angeles, who is the only out-of-town member, Mrs. W. A. Gibson, Mrs. Frank Hester and Mrs. Charles Glover. The day was spent in doing needlework except for the interval during which luncheon was enjoyed; also instrumental music. The table decorations were yellow and white, with a centerpiece of Gold of Ophir roses.

ERNEST COLLINS IN NEW LOCATION

Ernest Collins, who was in charge of the meat department of the Chaffee grocery for more than four years except when away on army service, has bought stock in the Hurd & Berry Co., which will be incorporated. This firm has meat markets in the Acme store in Glendale, where Mr. Collins is now in charge, and one each in Burbank, Lankershim and Highland Park. Mr. Collins sold his home at 314 East Palmer avenue to a Mr. Fisher, of Los Angeles, last week, but will not leave Glendale.

WOMEN'S AUXILIARY

ORGANIZATION OF ADJUNCT TO AMERICAN LEGION POST DEFERRED

Because of the rain and consequent disappointing attendance on the meeting called Thursday night at the headquarters of the Glendale Post, American Legion, to form a Women's Auxiliary to the Post, organization was deferred until next week when it is hoped there will be a large gathering of the mothers, sisters and wives of ex-service men. The meeting Thursday evening was not altogether a loss as the by-laws of the national organization were read and discussed by those present and other matters related to the proposed organization were considered. Mrs. James F. McBryde and Miss Clara Midcalf constitute the preliminary committee to promote organization.

GLEN EYRIE CLUB

MEMBERS DELIGHTFULLY ENTERTAINED AT PASADENA BY MRS. WOOLSEY

Members of Glen Eyrie Social Club motored Thursday to Pasadena where they were delightfully entertained by Mr. and Mrs. Harry Woolsey in their new home, at 146 Terrace Drive. The stormy weather was a disappointment as the guests would have been glad to explore the attractive grounds which are large and beautifully improved with shrubs and flowers. The luncheon served at noon to which all members contributed according to custom, was beautifully served by the hostess with the assistance of Mr. Woolsey, their home having been handsomely decorated with fine roses and purple wistaria from their own garden. There was no program, the afternoon being devoted to needlework and a brief business session. Present were Mesdames Clara Echols, Nellie Davis, Mary Plume, Mabel F. Wilbur, Sallie Braden, Mayme Pollock, Cora Deal, Alice Hogue, Millie Palmer, Jennie Phillips, Eva Vesper, Alma Naudain, Harriet Case. Special guests were Mrs. Corinne Marcellus of South Pasadena and Mrs. Emily Robinson, past matron of the Bakersfield Chapter, O. E. S. Mrs. Echols and Mrs. Wilbur conveyed part of the members to Pasadena, the others going by motor bus. It was one of the pleasantest gatherings the club has had.

ATTRACTS MANY PEOPLE

That hundreds of people in Glendale are wide awake to their own interests is very evident from the fact that so many are visiting the bargain sale at Spohr's drug store which is going on today and tomorrow. While Mr. Spohr gains large benefits from such a sale, yet it is an event that stimulates business in all other lines in Glendale, since it is bringing the far out residents of the community into the heart of the business town to do shopping. The sale is one that people look forward to with great interest, and the public needs no second invitation to purchase articles worth 25 cents to several dollars at one cent each. The sale closes tomorrow night and there will not be another opportunity of this kind for several months.

FORREST REAM AND WIFE TO RETURN TO CALIFORNIA

Geo. B. Ream of 145 South Pacific avenue has just received gratifying news from his son, Forrest, who went back to the old home, Lima, Ohio, last Christmas, to go to work again for the Garford Truck Co. His residence in California seems to have spoiled him for the East so he and his wife will come back to Glendale this fall, he writes, and will be accompanied by the older son, Howard, and his wife. The men will drive through in an auto, sending their wives on the train. Howard works for another big motor truck company in Lima and he loaded the first car of trucks for shipment to France during the world war.

This is a dandy picture we have booked for Saturday. You mustn't miss it.

RAINFALL FOR STORM .61, SEASON 17.27 INCHES

The rainfall for yesterday's storm was .61 of an inch according to Mr. Preston's record, which brought the season's total up to 17.27 inches, which is within two inches of Glendale's seasonal average. Last year at this time we had had but 12.21 inches at this date, by Mr. Preston's gauge. Mr. Bartlett's record was .62 for the storm, 16.63 for the season and 11.34 for last year at this time.

TRUSTEES' MEETING

(Continued from Page 1)

Demands were presented and referred to the Finance Committee.

The City Manager presented to the Board the proposition of the extension of the city's water pipe system to a portion of Kenneth Road, North Glendale, outside of the city limits, and in this connection a report was read from H. B. Lynch, submitting a plan by which water could be supplied to the Huntley and Evans Tract on Kenneth Road. On motion of Trustee Shaw, the matter was referred to the Committee of the Whole.

The City Attorney reported that a suit had been entered by Mrs. Baisley against the members of the Board of Trustees for damages caused by injury to the person of her son by Patrolman Guy Wilson. On motion of Trustee Shaw, the matter was referred to the City Attorney, with instructions to defend the Trustees in accordance with the authority provided by law.

The City Attorney reported that a satisfactory decision having been received in the matter of the case of the City of Glendale vs. the Elks' Club, it would be proper that the case be dismissed. On motion of Trustee Shaw, the City Attorney was instructed to consent to dismissal of the case referred to.

Demands were reported back approved by the Finance Committee, and on motion of Trustee Shaw, warrants were ordered to be issued in payment of the same. On motion of Trustee Shaw, demand No. 10648 was disallowed.

Engineer Lynch presented four sets of specifications covering motors and pumps, which were on motion of Trustee Shaw approved and ordered to be adopted. On motion of Trustee Shaw, the City Clerk was instructed to advertise for bids in accordance with the specifications submitted by the engineer, to be opened at eight o'clock p. m., April 29, 1920.

The City Attorney, having prepared an ordinance ordering the widening of an alley to 30 feet east of Brand boulevard, between Harvard and Colorado streets, the same was offered by Trustee Shaw and laid over for one week.

Trustee Shaw made a motion, which was adopted, that when the Board adjourned, it be to meet at 7:30 p. m. Monday, April 19, 1920.

Trustee Shaw offered the following resolution, which was on his motion adopted as Resolution No. 1095.

"Resolved, That the City will furnish water to the land on Kenneth Road owned by Evans and Huntley, on the following terms: That the owners of said land shall at their own expense lay in the streets 4 in. 14 gauge riveted sheet steel pipes; same to be laid in the same manner as city pipes and to be satisfactory to the Superintendent of the Public Service Department. Said pipes shall be leased to the city for the rental of $1.00 per year and will be operated by it as a part of its outside water system. Said pipes will be connected by the City with its main on Kenneth Road, but if at any time the City should change the connections of said main so that the pressure will not be sufficient to supply all of the above mentioned land, said owners shall at their own expense lay the necessary pipes to make a connection with the main to be installed on Grand View Ave., same to be done in manner satisfactory to the City, and such connection to be included in the above mentioned lease. That the City have the option to purchase said pipes and connections at cost thereof, less 4 per cent per year depreciation; and shall purchase same whenever the sum of $75.00 multiplied by the number of consumers connected to said leased pipe lines is equal to or in excess of half the cost of the pipes. That the owners of the above mentioned land shall deed to the city an easement across the north line thereof and along the west lines of Lots 21 and 23 of said property for the installation, repair, and maintenance of pipe lines, with perpetual right of entry for said purposes. That the owners of said land shall file with the Board a written acceptance of this resolution. That if the land above mentioned shall be annexed to the city it shall be the policy of the city to organize a municipal improvement district for the purpose of acquiring said pipe lines."

MANY FAMILIES EAGER TO LOCATE IN GLENDALE

That there is still a great dearth of houses in Glendale is evidenced by the eagerness with which the "For Rent" ads in the Evening News are looked for and the constant besieging of real estate dealers by seekers of homes. Two families have been living for quite a while in business rooms hastily and crudely converted into living quarters. Very high prices are offered householders to move out and let renters in. One lady was offered $60 a month for a year for a very ordinary 5-room house, if she would take her furniture out and let the would-be tenants in. Others have had similar experiences. Glendale has been advertised far and wide for its scenic beauties and its desirability as a place of residence and the waiting list of eager would-be residents is very large.

URGING EARLY REPAIR OF CENTRAL AVE. BRIDGE

Owing to the many protests from motorists who are compelled to make long detours in order to get across the Wash, the city manager has written Supervisor Dodge, urging him to cause the work of raising and repairing the Central avenue bridge to be resumed at once. This bridge has been impassable for many weeks when only a few days' work are necessary to put it in shape for travel to cross it.

KENSINGTON CLUB

Members of the Kensington Club which is a social organization affiliated with the Woman's Relief Corps, met Wednesday afternoon at the home of Mrs. A. W. Scudder, at 320 West Harvard street. Besides a full attendance of regular members, a number of new faces were present. There was no program, the ladies devoting the afternoon to needlework and social chat. Delicious refreshments were served, the hostess being assisted by Mesdames Phillips, Gillette, Ripley and Dutton. A pretty floral setting for the affair was provided by the lavish use of fine roses.

LOST

Conductor Linkroum of the Pacific Electric Railway, yesterday turned in to the Lost and Found Department of that company a package containing one certain article sometimes referred to as a robe de nuit, feminine gender (although this is not exactly as it is described in his report), which some passenger had left on his car. The conductor is anxious to bring about the reunion of the said nocturnal habiliment with its absent-minded owner, as he says his friends, including his wife, are being altogether too well entertained at his expense; that he is a sober, law-abiding citizen and objects to their facetious remarks. For the purpose of hastening identification, in case there has been any general mislaying of sleeping apparel, he obligingly states that the garment in question is made of flannel, and that it is not pink, but as to the matter of tucks, lace, ribbon and feather-stitching, Conductor Linkroum's mind seems to be not quite clear.

Ben will be released next Friday.

MRS. M'MURRAY GOES TO CHICAGO TO LIVE

Mrs. Mary L. McMurray, of 339 West Lomita avenue, started Monday for Chicago, accompanied by her grand-daughter, Mrs. C. B. Hawke, of that city, who had been visiting her here for several weeks. Mrs. McMurray will make her home with a daughter, Mrs. M. M. Grable, of Chicago, who has been taking care of her out here for several months. Mrs. Grable remains to dispose of her mother's property. She received a telegram yesterday from the travelers, stating that they were stranded at Winslow, Arizona, by the strike, but had plenty to eat. They expected to get away on their journey today.

They expect to return about the 28th and occupy the beautiful new residence just purchased by Mr. Chambers, of Geo. Prickett, at 470 Hawthorne. This is a 6-room house with a fine garage and has never been occupied.

The husband and father, Samuel Bronnerberg, and the other daughter, Miss Edna, are still in Anderson, engaged in disposing of the property back there. TANK CORPS SERGEANT NOW BALL PLAYER

P. M. Hesse and wife of 118 North Brand received a farewell visit the first of the week from their son, A. J., who had been playing shortstop on the Vernon baseball team, but had been "farmed out" to the Yakima, Wash., team of the Pacific International League. Young Hesse was sergeant in a tank corps, entering the service in 1918 as a boy of 20. His command did not get over till October and the armistice came before it could get into action. He was in the motor transport branch of the service after that and did not get home until late last fall. He was at once signed up by the Vernon Tigers management and he has a very promising baseball career before him.

CHANGE IN BUNGALOW COURT PLANS

A. L. Baird says he has changed the plans somewhat for the bungalow court he and Dr. Young have been trying for so long to build on North Orange, just south of where the proposed extension of Patterson avenue will come through. The permit was secured early in March, but construction was delayed until the Patterson avenue extension was seemingly assured and then injunction proceedings delayed them still further. These having proven unavailing the way seemed clear, but on measuring up he found there would be only 10 feet between the north side of the court and the new Patterson avenue. So he bought the lot south of the two already owned and will locate the buildings on the two southernmost of the three. A residence will be built on the other lot. This will make improvements on the three lots to the amount of about $40,000.

SELL AND BUY AGAIN

Mr. and Mrs. C. M. Cram, who recently sold their home at 325 East Fairview avenue, have purchased the unfinished bungalow at 941 N. Louise street and will push the work of completing it as rapidly as possible with the intention of making it their home. The Crams came to Glendale last September from Stockton and purchased the Fairview property which they greatly improved and sold at a profit. Before buying again they made a survey of residence sections of other Los Angeles suburbs including Ramona Acres, Alhambra and Pasadena, but soon convinced themselves their preference was Glendale.

WHAT IS ANATOMY?

A little negro school-girl, down in Florida, in answer to this question, wrote the following:

Anatomy is the human body. It is divided into thre parts, the haid, the cheist, and the stummick. The haid holdes the skull and the brains, if they is any, the cheist holdes the liver and the part of the lites, and the stummick holds the entrails and the vowels which are a—e—i—o—and u—and sometimes w and y.
